Best Waterwise Landscaping Made Easy - 2010 [Comments \(0\)](#)

# Center for ReSource Conservation Garden-in-a-Box Program

Here's a wonderful resource for lucky Boulder County and west suburb gardeners: The Garden-in-a-Box, available complete with a planting diagram, maintenance instructions and a pre-selected range of good-sized, well-matched waterwise garden perennials for a reasonable fee, is plot-planning at its simplest. This year's selections include an herb-and-tomato garden, a tried-and-true drought-tolerant perennial garden, and a landscape solution for those difficult "hell" patches sandwiched between the sidewalk and the street. All-inclusive prices range from \$65 to \$110, and all you have to do is put them in the ground and take care of them once in a while.
