CRC Contractor Information Sheet

The Center for ReSource Conservation (CRC) provides contractor information as a service to the community. The CRC offers this information as a guide to help residents make informed decisions. The CRC and its staff do not endorse any company. If you employ any of the contractors on this list, please let them know where you learned of them.

Boulder Green Building Guild lists a variety of contractors under their "Find A Professional Tool:" <http://bgbg.org/directory>

Hundreds of successful residential and commercial solar PV installations, including Coors Field

Staffed with NABCEP and CoSEIA certified Electrical Contractors; Contractor Professional Electrical Engineer; and Master/Journeymen Electricians

Independent Power Systems (IPS) was founded in 1996 with the goal of providing exceptional renewable energy design, installation, service, and support, and advancing the adoption of renewable energy to power the world. As a licensed electrical contractor in Colorado and Montana IPS offers complete electrical system design, service and support. Our staff includes Master and Journeymen electricians, a Professional/Electrical Engineer, qualified project managers, and designated rebate and permitting specialists. Our strategic partnerships allow IPS to provide electrical solutions from residential to large commercial and industrial applications. **Learn more about IPS at: <http://www.solarlips.com>.**
