Fort Collins, CO ? Monday, June 27 - Local art with a sustainable flair and New Belgium beer on a Friday night: What could be better? This Friday ReSource Fort Collins will close its 2nd annual month-long ReVisions Art Show with a Closing Gala and Silent

Auction at New Belgium Brewing Company, 500 Linden in Fort Collins, from 7 to 9:30pm. This event highlights art created from re-used and recycled materials in a fun and laid-back atmosphere. Over 80 pieces will be on display.

"Over 250 people attended our opening event earlier this month, and we can't wait to host another great turnout at Friday's Closing Gala," said Kendol Gustafson, ReSource Fort Collins Manager. "The Gala will be an awesome cap to this month's exciting celebration of sustainability, art, and local artists."

The ReVisions Gala will be free and open to the public. All are welcome and invited to enjoy a great way to kick-off the 4th of July weekend with local beer, local artwork, and a worthy cause. A \$5.00 donation at the door buys participants a ReSource pint glass. In addition, all art will be on sale via silent auction. Proceeds benefit ReSource.

"We're excited to host the ReVisions event because ReSource's mission is so closely aligned with what we consider our values at New Belgium: that is, reduce, reuse, recycle, repurpose.," said Bryan Simpson, New Belgium spokesperson.

Before moving to New Belgium on Friday, all art works are on display this week at the ReSource Yard, 1501 N. College Ave in Fort Collins, from 10am to 6pm. Stop by and grab a sneak peek before making a bid!

ReSource Fort Collins promotes waste reduction by serving as an innovative landfill diversion program. ReSource Yard accepts donations of reusable building materials and resells them to the public at affordable prices. Every item at ReSource is donated by homeowners, businesses, contractors or deconstruction experts. ReSource is a division of the Center for ReSource Conservation, a 501(c)(3) non-profit organization. For more information visit <http://resourceyard.org/ReSourceReVisionsArtShow.htm>.
